

Night Owls - 2021/22

The Night Owls season started on 1 October and eight weeks in the season was interrupted by COVID.

This caused a loss of five weeks and a number of teams to withdraw but a nucleus of teams wished to continue with a shortened season which culminated with the grand final night on 29 March.

Although very different to years before the competitiveness and camaraderie was amazing between the teams.

Amazingly both divisions went to a tie break to decide the winners. Congratulations to everyone on the night, a full house.

Minor Premiers, Catch 23 (from left) - Tony Iomazzo, Simon Tynski, Colin Green and Graham Sinclair.

The season allowed us to continue all norms from the past ie the Lucky Losers raffle, the Ellis-Thomas shield and the divisional winners and trophies.

A continued tradition was the presentation of the **Ellis-Thomas** shield by **Anne Thomas** and **Ann Ellis** to the winning team CATCH 23.

Division 2 winners, Alley Cats (from left): Rob Hollings, Tony Pansini, John Capoccia and Bob Alley.

A new tradition is to invite a Life member to present the divisional winners trophies and our thanks to **Graeme Parkinson** for fulfilling this duty.

Division 1 winners, Split Pins (from left): - Kevin Witkowski, Peter Foale, Peter Parman and Shane McCarthy

All teams were vocally grateful to the club for continuing the program and expressed their desire to return next year.

In a nut shell, a trying but satisfying season.

Greg Ferris
Night Owls Coordinator
