

OPERATION FLINDERS

ONE STEP AT A TIME

Operation Flinders exists to transform the lives of young people through quality remote outback adventure programs

Club Tranmere is a proud Operation Flinders supporter.

Its most recent donation in May has taken its tally to \$6500 for this worthy cause. This year it will support a team from an eastern suburbs High School which will participate in their September program.

Those individuals will share an adventure and provide them a path towards a better and bright future.

We wish them every success in their life changing adventure.
